

**BALDWIN WALLACE UNIVERSITY  
BURRELL OBSERVATORY OPEN HOUSE  
FRIDAY OCTOBER 7, 2016 AT 7:30 PM**

**ASTRONOMY IN AGE OF GIANT SURVEYS**

by  
**DR. DONALD TERDRUP**  
of  
**THE OHIO STATE UNIVERSITY**

The Burrell Observatory is proud to host an open house program on Friday October 7, 2016 at 7:30 PM. Dr. Donald Terndrup, Associate Professor in the Department of Astronomy at The Ohio State University, will present a lecture on how various large sky surveys have impacted astronomy. These large surveys such as the Slone Digital Sky Survey have been made possible by robotic telescopes and digital image processing. It will be held in the “Center for Innovation and Growth” (CIG). After the lecture the Burrell Observatory will be open for viewing, weather permitting.

This is a free lecture and no reservations are required. The CIG is located the East side of Front Street, North of Bagley Road at 340 Front Street. Parking is available next to and behind CIG and adjacent to the Observatory off of Fifth Avenue West. For questions, contact the Observatory Director at [gkader@bw.edu](mailto:gkader@bw.edu) or the Department of Physics and Astronomy at 440-826-2312.
